Re: Maxime Abrams & Mountains of Fun Daycare

When Maxime first started talking about opening her own daycare, I had no doubt that it would come to fruition. She has spent countless hours designing her centre and has had many conversations with people in the ECE industry, including myself, about the qualities that a great daycare/preschool should possess.

As an early childhood educator, I know the importance of having a stimulating, supportive, well rounded program. Maxime is dedicated to providing the children in her care with all this and more. If my children were young enough to be in daycare, I would not hesitate to have Maxime look after them.

I have known Maxime for almost 20 years and to see her now as a parent & caregiver, her nurturing personality & dedication to our little people shines through. I have no hesitation in recommending Maxime & Mountains of Fun Daycare.

Regards,

Pam Breckner, ECE Educator

It is with great pleasure that I put on record this reference for Maxime. She served as a substitute teacher at Mamalina's Montessori Preschool for several weeks and proved herself a worthy member of the staff. She was always well prepared for lessons she had planned and was keenly interested in each child's well-being. Maxime has a way with children and I have no hesitation recommending her as an Early Childhood Educator.

Sincerely,

Yasmin Petigara/Owner/Directress

Maxim Stephenson has been an ECE practicum student, a volunteer and a substitute at Lynmour Child Care Centre. Maxime is a caring, nurturing and warm caregiver. She is an excellent team player and seems knowledgeable and dedicated in her field of work. She brought age appropriate activities to the program, taking into consideration the developmental stages of each child. Maxime's programming has focused on the children's physical, social, emotional, and cognitive skills. Maxime has established a wonderful relationship with the children, staff and the families. I have no hesitation in recommending her.

Sincerely,

Neermala (Bedo) Tulsie/Owner
